H. H. ROBINSON

"On a Friend"

By Robert Burns

AN HONEST MAN HERE LIES AT REST,

AS E'ER GOD WITH HIS IMAGE BLEST;

THE FRIEND OF MAN, THE FRIEND OF TRUTH;

THE FRIEND OF AGE, THE GUIDE OF YOUTH:

FEW HEARTS LIKE HIS, WITH VIRTUE WARMED,

FEW HEADS WITH KNOWLEDGE SO INFORMED:

IF THERE'S ANOTHER WORLD, HE LIVES IN BLISS;

IF THERE IS NONE, HE MADE THE BEST OF THIS.

## **DEDICATION**

MRS. E. C. ANDERSON, B.A. Adviser to Graduation Executive

After eight years of faithful and excellent service to the staff and students of Vic, Mrs. Edith Anderson is retiring. Mrs. Anderson was born Edith Chauvin in Montreal in 1893. She obtained her B.A. degree at McGill University, then came west to Edmonton to teach. Her first position was at H.A. Gray school; later she taught at McDougall and Victoria High, where her specialty was physical education. "I decided then that if I were going to teach Phys. Ed., I had better find out a little more about it." So, in the summer of 1917, she went to Harvard, and in 1918 to McGill School of Physical Education and obtained her degree. She came back to Vic and three years later, in 1921, married Mr. Sam Anderson, who unfortunately passed away in 1957. Mr. and Mrs. Anderson moved back to Montreal, and Mrs. Anderson temporarily retired. In 1930, she went back to teaching at St. George's, a progressive school, where she was one of the original staff members. During her stay at St. George's, she took post-graduate work in education, but stopped just short of obtaining her M.A. degree. She remained at St. George's for twenty years, till 1950, when she returned to Edmonton and Vic. For a short time she took charge of the study hall, but soon moved downstairs to the library, where she was assistant to Miss Webster for three years. In

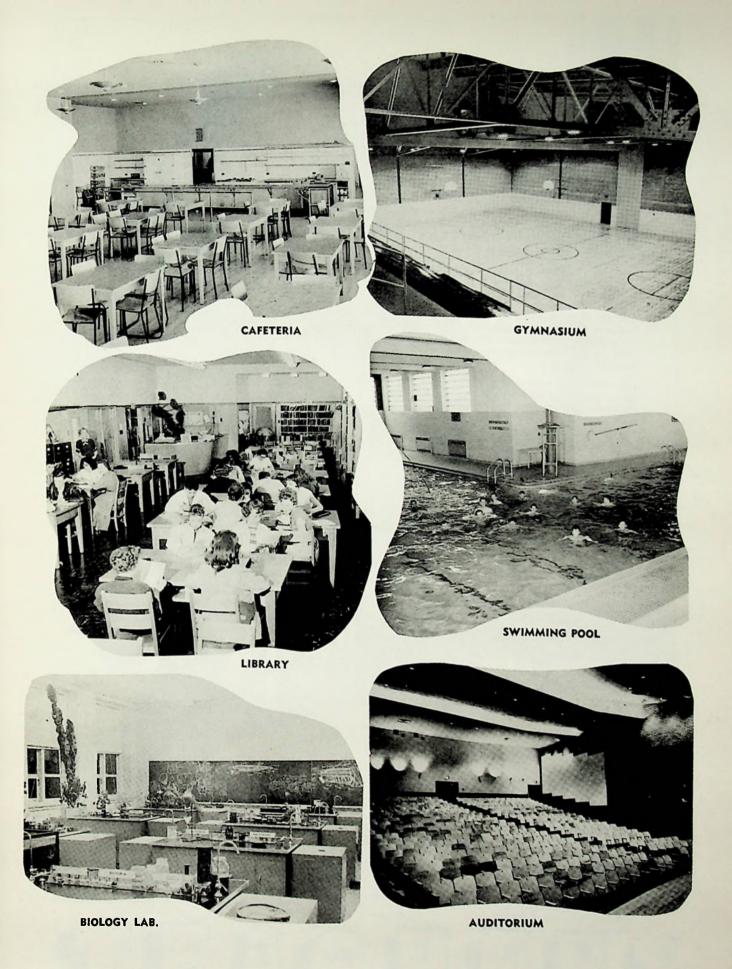

1954, she took full charge.

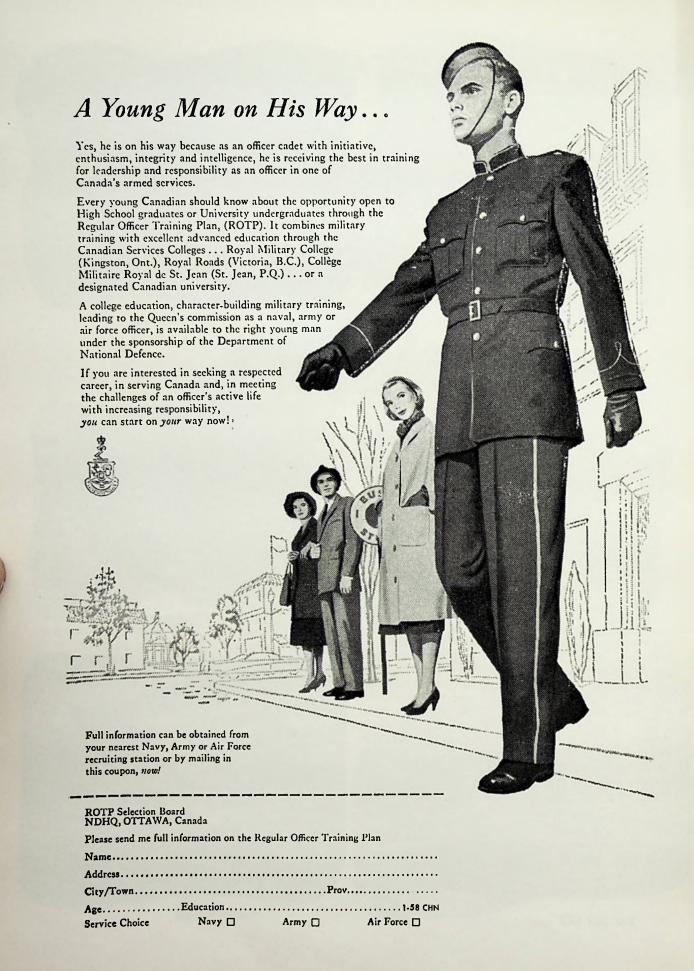

Mrs. Anderson was a member of the Women's University Club in Montreal, and is a member of the Women's University Club here, and of the French Club.

Following her retirement, Mrs. Anderson is going back to Montreal. She has one daughter living there and another one in Quebec City. She has no specific plans at the present. "I'm just going to rest for a while."

Mrs. Anderson is going to be sorely missed when she leaves Vic. She has been invaluable in helping the students in the years she was in charge of the library. You could mention any topic that you needed help with, and she was there with a folder of information from her well-kept files, plus many ideas that she could add from her own knowledge. No topic was too hard or out of the way for her. Aside from the store of files that she kept for the students, Mrs. Anderson knows a great deal about all school subjects, including physics, mathematics, French, and chemistry. She kept our students fascinated with her knowledge.

I think it bears repeating that we are going to miss Mrs. Anderson. When she leaves, we will be losing a valued and vital part of our school.

# Mr. McFarland's Message

Another year is fast drawing to a close, and another class is preparing to graduate from our school. It is to you, the members of the Class of '58, that I am addressing myself at this time.

It is a pleasure to have worked with you during the past three years, and now we look forward to the honour you will bring to yourselves and your school as you go out from us here.

Restraining the urge to broadcast advice I shall touch on but one topic, the matter of self-control.

Turn to Proverbs 16:32 and you will read:

"He that is slow to anger is better than the mighty, and he that ruleth his spirit is better than he that taketh a city."

A human being is like a piece of steel—both must have temper to be of much value. No one can quarrel with this statement of fact, yet the human individual must exercise great control over this quality of temper.

Things said or done in a fit of uncontrolled temper, or other passion, may not only do untold injury to some other person, but also leave very sorry scars on one's own conscience. The exercise of self-control strengthens character, just as physical exercise strengthens muscles.

Grantland Rice wrote a simple poem called "Over the Plate". In the first three verses he tells of three boys who had speed, curves, and change of pace but who did not get very far in baseball because they lacked control. The last two verses go like this:

"How is it with you if I may ask?
Have you "got control" of your daily task?
Have you got control of your appetite?
Of your temper and tongue in the bitter fight?
Have you got control of your brawn and brain?
Or are you laboring all in vain?
It matters not what your daily role.
Have you got control? Have you got control?

It counts not what you have, my friend,
When the story is told at the game's far end,
The greatest brawn and the greatest brain,
The world has known may be yours in vain;
The man with control is the one who mounts
And it's how you use what you've got that counts.
Have you got the "bead", are you aiming straight?
How much of your effort goes "over the plate?"

Now may each one of you reach the "majors" in your chosen field. May God bless you with a long, healthful, and happy life, and just enough success to be good for you.

### **VALEDICTORY**

SHERAN HEPPLER

I feel very much honored to be the valedictorian of the graduating class of 1958. I feel honoured, too, in expressing, on behalf of the graduands, our gratitude and our fond farewell to Vic.

Tonight, we are only at the beginning of our long climb upward. When we climb a ladder, we must begin at the bottom and ascend step by step, until we arrive at the top—so it is with education. Just yesterday, it seems, we were on the bottom rung of this ladder. Our climb has been gradual in the past twelve years, and we are still striving upward towards our goal. If our bottom rungs are weak, we shall never know security nor success.

In our youth, we stand at the threshold of a vast world of opportunities. Now, in the spring of our lives, we have the privilege of deciding how the rest of the seasons will be spent.

Shakespeare once said:

"There is a tide in the affairs of men, Which, taken at the flood, leads on to fortune; Omitted, all the voyage of their life is Bound in shallows and in miseries."

With a unique and indescribable emotion, we leave a world of guidance, and enter a world of challenge—confident we have received some of the tools with which to carve our future. As graduands, it is up to us to face this challenge; we have the responsibility of utilizing the many opportunities that the world offers us. The world looks to youth for leadership, and we must accept this responsibility with courage, determination, tolerance, love, ambition, and yes, humility.

With our goal in sight, we should like to pause on our climb upward and bid adieu to good old Vic. We are very grateful for all that it has offered us:

—for the many opportunities given to develop our talents and our personalities;

—for the wonderful companions and associations offered through school clubs and organizations;

—for the delightful hours of fun and enjoyment received through social activities;

—for sportsmanship—teaching us how to lose; —for championship—teaching us how to win.

Nor can we forget the priceless guidance of our teachers who have tirelessly contributed their services on our behalf. To them we express our sincere gratitude;

—for teaching us to like what we do, not merely do what we like;

—for helping us to realize our abilities;

—for helping us to meet our responsibilities;

—for presenting to us our basic academic training;

—and above all, for teaching us to think for ourselves.

We appreciate our teachers for devoting their lives to a great ideal—teaching. Any success we attain must rightly be shared with them—their prodding has kept our marks above "C" level.

To our friends—thanks for standing by.

And now, to my fellow students, I wish success; may we all attain the far-off goal for which we are striving. Remember weak men wait for opportunities, strong men make them. There will always be part of Vic where we are found —may we live so that Vic, our school, will be proud of us.

Let us always keep our eyes upon the horizon—and for now, a fond farewell.

# Class '58

And it came to pass that on the sixth day of September 1955, there appeared at the gates of Victoria Composite High School, 500 who were graduates of a number of district junior high schools. There was at that time a leader of the Vicites, Lionel Jones, and under him Carole Horton, and a council of the wise. It was during that time, before the next day of leisure, that the ceremony of initiation was performed, and these said freshies, through deep humiliation, were admitted as citizens of Victoria Composite High School.

In the months following Christmas, there came the yearplay "The Cat and Canary"; "Kotton Kapers"; and a first for Vic, a musical, "Conflict in Ebony", written, directed and performed by Vic inhabitants.

Surrounded by the walls of honor and distinction of previous years, we were participants in great championship fights, rising above all to claim the Provincial High School Rugby Championship, the Senior Boys' Provincial Basketball title, and the Senior Girls' Basketball Championship.

And so event followed event. As the year's end drew nigh, the halls were touched with sorrow as we learned of the scheduled retirement and departure of some of our teachers.

The second term found us back at school, this time as intermediates. We found a great number of our kind on the council, headed by a member of the senior class, John Taylor. Others elevated to a high-ranking responsible position included Gail Robertson and Richard Scott.

Frosh day celebrations provided great enjoyment for all except the newly arrived. The intermediates helped them to forget their humiliation at the annual dance of Hard-times, "Dog Patch Drag".

We remember the great disciples of learning, Carole Horton and Dave McLean for their great honor in winning the C. O. Hicks and J. P. Page Citizenship Awards.

It came to pass that there was a great gathering in the white auditorium for three nights while fellow members of the school presented "Missouri Legend" And it came to pass that during the term of that same president, another gathering for three nights occurred. This time for the "Fortune Teller" which was also presented by fellow disciples.

The badminton team won the city championships, and again the Senior Girls proved themselves superior in the "Battle of the Baskets".

# History

It was indeed a feast day for all when the cafeteria was opened. With great joy we left behind the unpleasantness of our primitive eating habits and acquired the civilized custom of sitting at a table.

The competition for a school song and the final winner, the nights spent sleepless in wonder over B.C., and then the initiation of Boosty as our mascot; all has remained in their memories.

Another year had passed, but the freshies of 1955 were to return for at least one more

With the coming of September, the days were growing shorter and the time of judgment for the "55" freshies was growing closer. An epidemic of "quietness" had struck and their numbers had been greatly decreased. The greater part of the council was not being run by members of the tribe of '55, Michael Whitla, Bob Cooke, and Elsie Bucholz. Again the young 'uns were welcomed in a peculiar ceremony. In later times a club day came to pass. Firsts for Victoria students, council of "57-58" rose high. The banner contest, the record high White Gift Week response, the school Christmas cards, the Christmas dance held in the cafeteria, the Christmas concert, the Noon Show on radio station V.C.H.S. and the fashion show; all brought fame.

It was with glad hearts that the students became the proud foster parents of Kim Bong Ja, an eleven year old Korean refugee child, for one year, and would wish the adoption to be passed

down from generation to generation.

They chose from among them as Graduation president, one known as Lyell Shields. And it was his wish that our graduation festivities be held at the Jubilee Auditorium; and thus they were.

With minds on the future, the seniors took a more concerned interest in the events of Career

Day.

"Bernardine" the Broadway version, came forth as the year play and there-by proved once again the talents of Victies. Also presented was

the musical "Prince of Pilsen."

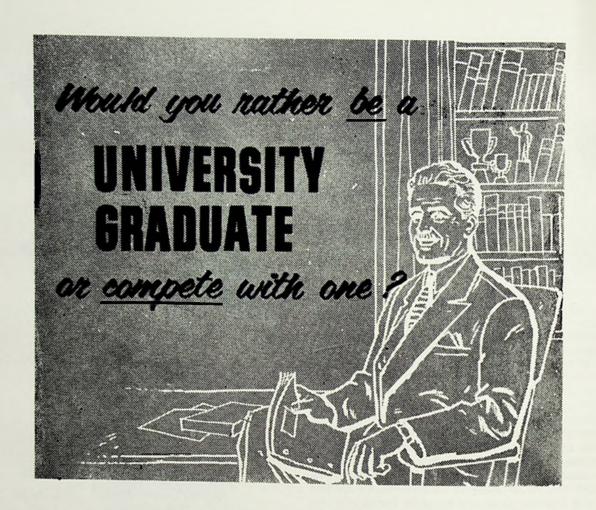

Honor and prestige were further showered on the fair school when the Girls' Volleyball team won the city tournament, when the Senior boys won the city basketball championship, and when the junior boys' football team won the league championship.

Thus with three years of drama, sports, noble councils and not least, studies, the freshies of "55" presented themselves as the class of "58". It is with prayer and hopes that their efforts will not go astray, but will be rewarded with success and happiness.

And thus they departed, each has separ-

ate way.

As a high school graduate, what is your next step to career opportunity? At a time when Canada is making economic history, the call is for trained minds. The need for them is urgent to maintain the rate and scope of our country's growth. That is why today's finest openings are for graduates from our universities.

## LET'S TALK IT OVER!

It's better to be a University Graduate than compete with one! Talk it over with your parents and teachers. Remember, too..: Your Gas Company will be happy to discuss career openings for University Graduates in the PUBLIC UTILITY field. Why not call in for a chat?

# Grad Prophecy

It was in the year 3000, and the angel Gabriel was checking the roll. He had just arrived at Cloud Three and was making the rounds. I was accompanying him, carrying his pen and ink.

A crowd had gathered around the third pedestal, and a closer look found Lyell Shields showing his blueprints for a modernized cloud. Gabriel had a little trouble trying to explain to Lyell that Cloud Three would never change, and finally had to call St. Peter.

When St. Peter arrived, he took me aside and told me that Lyell had been the city architect for a fast expanding Canadian oil capital and was

just too old to change his ways.

Florence Nightingale was just at the next pedestal organizing her girls for the annual health clinic. The Victoria Composite Class of "58" was well represented by Carol Dzwiniel, the supervisor, and nurses Joy Wesley, Vicky Johnson, and Judy Friend, who had all served on earth as "ladies with lamps".

As we continued on our way we passed Murray Oppertshauser. He was eating his lunch, consisting of a peanut butter sandwich. Murray was the Supreme Commander of the United Nations Forces, and gathered near him was Carol Larson, a member of the Canadian legislature; Sheran Heppler, leading chemist in the Dominion Laboratories; Tim Kodar, minister of external affairs; and Lynn Brown, wife of the legislature chaplain, who had risen to fame through her abstract painting. They were all awaiting the arrival of Bill Neville, the famed prime minister of Canada who led the Conservative Party to victory in nine Canadian elections; and Joe Stern, leader of the opposition for twenty of those years. This was a great day of rejoicing, for these two great men were to unite to form a coalition. To record the sayings of this momentous day was Gail Green, the shorthand speed expert.

A "keep fit" tumbling school had been opened by Bonnie Derome and many of the residents were "eternal-life members." We passed

the school as we continued.

Irwin Strifler strode by with only a hello for us as he seemed intent on getting a basket on Cloud Five. He had been playing ever since his high school days on a team that had captured the world championship four times.

We glided quite a distance before we encountered anyone, and found out later that Ed Paraszczyn was writing a new dictionary and insisted on absolute isolation.

On past Ed, we found John Olthuis sleeping by the wayside. He had been chief tester of the Sleep Tight Mattress Company and had certainly

"lived" his work.

We had some trouble moving on because all the members of the senior football team from the Victoria Composite Class of "58" were out at their practice session. They had challenged Cloud Two to a game scheduled for the next day.

It was like heaven, as it should be, as we travelled the next while. The organist was playing soft mellow music, and as we neared her station Gabriel explained that Pat McLennan, who had been a music teacher, played continually and was relieved by Carmen Airth only so she could direct the angel choir.

Near the end of the day we passed Ellen Mae Dyer and Jim Spillios, archers who were perfecting their cupid shots; and Dave Simmonds

past mayor of Bruderheim.

Michael Whitla was sorry he had to leave his law practice on earth, but he had taken up swimming and he and Turid Minsos were taking a dip.

We also passed Dr. Donna making her rounds after the nurses' reports. She was known on earth as Donna Wilson.

Seated in a group were all the professors. Included among them were Sandy Dawson, Barbara Williamson, and Heather LeMay.

We ended our journey at the big gate and there Neil Armitstead was just finishing his front display which encouraged guests to visit us. He had been a display man all his earthly life and had certainly kept our cloud cheerful.

And so we had completed our tour. They were all here, even the 15% math students. All had contributed their talents to help make a heaven on earth. The gate of Cloud Three closed and Gabriel continued on his way, with St. Peter,

as ever, watching over us all.

## President's Message

MICHAEL WHITLA

This has been a good year for V.C.H.S. We have distinguished ourselves in athletics; our clubs and extra-curricular activities have all functioned vigorously; and I hope that we shall distinguish ourselves academically in June. The Students' Council, which has been comparatively vocal and has co-operated very well with the Executive, has my sincere thanks, as that co-operation has made my job much smoother and much more enjoyable. The Executive has also given strong leadership in carrying on the sometimes thankless work of student government.

To function effectively, student government requires the active participation of the entire student body. Many students, however, seem to lack any sort of conviction about anything; a right or a wrong, a like or a dislike. They see neither black nor white but grey. This tendency to lack positive thought is sometimes noticeable in adults, too, and is a most unwholesome sign. Slack thinking is that which provides fruits for the dictator's harvest. What is needed in the world today is prompt, articulate, and informed public opinion. Certainly the school, through the Students' Council, should emphasize this need. The Council should also capitalize on the sense of discrimination latent in most teen-agers between that which is genuine and that which is sham.

It is important that everyone of us in high school form early a personal standard of morality and a code of honour in accordance with the law and that which we believe is right and good, and then attempt to adhere to that code. "Know thyself." Man is a potentially noble being, but to realize his fullest capabilities he must understand himself. To be an individualist is a prerogative of democracy—a prerogative we should exercise.

Cultivate a sense of adventure and a sense of humour, as they are the spurs to progress. We shall not find ourselves in a bureaucracy, and our civilization will not stagnate or fall into decrepitude, if we conceive these as two of our most important assets for the future.

Our teachers are sincere and dedicated, genuinely interested in helping us. To many of us this realization comes rather late in our school career. Respect for our teachers can best be shown by taking full advantage of the educational opportunities offered throughout our high school years, and by achieving up to our full capacity as students.

I would like to thank you for your support and to wish luck to all of you. May we all go on to very worthwhile accomplishments.

## Students' Council

The Students' Council, with Michael Whitla, chairman, and Mr. H. Ward, adviser, met every second Wednesday at eleven-thirty in the library. The Council, composed of room representatives and the executive, was vested with the legislative and administrative powers of the Students' Union. Many important issues concerning the welfare of the school were discussed and decided upon by this active body.

The thirteen members of the student executive met in the students' office every other Wednesday at eleven-thirty. It was here that the various matters were introduced, discussed, and car-

ried over to the council meetings.

This year the Students' Union of V.C.H.S. was witness to many new projects. Among them were the scoreboard for the houseleagues; aid to a refugee child; a banner contest; meetings of the council open to the public; a seating arrangement for these meetings; a fashion show and most important of all the new responsibilities assumed by the Students' Union.

Late in October, the council agreed to adopt a refugee child, taking the responsibility of helping a child in her education and feeding and clothing her. Extensive plans went into this venture, but the lack of response held up the final operations and the child was finally adopted a few months later. This is, beyond a doubt, one of the finest things the council has ever done.

The banner contest was received enthusiastically, and an official banner for our school

was chosen. Another "first" for Vic!

The seating arrangement of the Council has many advantages; every student knows his proper place, meetings begin almost at once; it is much easier to check attendance; the council members are acquainted with one another by this method, and it gives the meetings an orderly atmosphere. "Open" meetings proved popular, and many students took advantage of them to see what "their government" was doing.

The suggestion box was checked regularly for ideas to bring before council. Once again, the Publications Staff sponsored White Gift

Week.

Club budgets received careful scrutiny as did all other financial matters. Custodian insurance was purchased.

Many "dress-up" days were held, but the most successful one was held in conjunction with Career Day. This was a very enjoyable day for both students and visitary

both students and visitors.

A dance, "Holly Hop" was held in December instead of the usual Sadie Hawkins dance, which proved to be appreciated by the students. This was the first dance which Vic has held in the new cafeteria. "Vic Day" was held and all the students wore red and white. Numerous sock dances were provided for the students by the social committee and congratulations are extended for a superb job.

The cafeteria had its first anniversary on March 12 with all the trimmings. The cafeteria was decorated and it received a birthday cake. The entire staff has done a tremendous job and is to be congratulated for being on duty day in

and day out.

The fashion show, "Forecast in Fashion" was a tremendous success, and our sincere thanks go to all the people responsible for making it possible. Clothes were supplied by the Hudson's Bay Company and Henry Singer Limited. Boys and girls modelled the latest styles in front of a huge and enthusiastic audience.

The sale of tickets for the yearplay "Bernardine", and the musical "Prince of Pilsen", was undertaken by the drama students, aided by the room representatives. Full house, happy casts, and appreciative audiences were the menu for these performances.

This year's council should be commended for the initiative, co-operation, unity, and common sense shown in carrying out their responsibilities.

Sincere thanks go to Mr. Henry Ward, who proved to be one of the very finest possible advisers. Owing to his help and careful guidance, the council was able to show its ability in making this an eventful and worthwhile year.

V.C.H.S., a large school with numerous activities, has a number of boards to systemize her activities. The boards number nine, and are as follows:

- 1. The Awards Board, whose job it is to select students who merit awards, these awards coming under four classes: academic, activities, athletic, and special abilities. The chairman this year in Mr. J. M. Craig.
- 2. The Eligibility Board which advises on the participation of individual students in extracurricular activities, and is headed by Mr. T. Atkinson.
- 3. The Finance Board which looks after the school funds and organizes intelligent use of finances. The chairman is Miss A. M. Holley.
- 4. The Athletic Board, under the chairmanship of Miss M. Irwin, which makes recommendations to the Students' Union regarding all athletic clubs.
- 5. The Club Board which supervises all clubs not under the jurisdiction of the Athletic

Board, Publications Board, or the Social Board, and has for its chairman, Mr. E. Nepstad.

- 6. The Publications Board which supervises and organizes the activities of Vic's four publications and also makes award recommendations. The chairman is Mr. C. M. Hollingsworth.
- 7. The Assemblies Board, which approves the student talent for assembly programmes, and has for its chairman Mr. T. Peacocke.
- 8. The Social Board, which is responsible for the carrying out of the student social activities. Miss A. Lent is the chairman.
- 9. The Advisory Committee, which consists of the chairmen from all the other boards, and acts as a "trouble shooter" for other boards. The chairman of this important board is Mr. W. S. Waddell.

Many thanks go out this year to all the hard workers who served on these boards. They helped make this one of the most successful years Vic has ever known.

### Vic's Clubs

#### **BOYS' ARCHERY:**

The four teams of the Boys' Archery Club, which consisted of fifty-eight members, were under the captainship of Gordon Burton, Jim Spillios, Ed Willson, and Harry Anderson. Team competition was held throughout the year, with individual competitions at Easter. The executive was composed of: president, Ed Willson; secretary, Jim Spillios; treasurer, Harry Anderson. The staff advisers were Mr. J. Milner and Mr. 1. Birdsell.

#### GIRLS' ARCHERY:

The Girls' Archery Club, under the advisorship of Mr. R. F. Henderson, met on Mondays, Wednesdays, and Fridays at noon, and after school on Tuesdays and Thursdays in the Shooting Gallery. The executive consisted of president, Button Nordlie; secretary-treasurer, Lillian Warawa; and club captain, Ellen Mae Dyer. The five team captains were Ellen Mae Dyer, Darlene Hayes, Pat McLennan, Carmen Airth, and Button Nordlie. During February and March, competitions were shot to determine a club champion.

#### **BADMINTON CLUB:**

The Victoria Composite Badminton Club, under the advisorship of Mr. R. Smith, climaxed another successful year by again winning the inter-school tournament. The club, which met every Monday and Friday, elected the following executive; president, Bob Long; vice-president, Borb Williamson; secretary, Keith Spencer. The annual club tournament was held in January and new equipment was purchased.

#### **BODY BUILDING CLUB:**

The club members, limited to twenty-five due to the lack of facilities, met every Monday, Wednesday, and Friday noon hours in the Corrective Gym. Most of the equip-

day noon hours in the Corrective Gym. Most of the equipment was made in the machine shop with the assistance of Mr. Robson and Mr. Henderson.

The objective of the club was to keep its members in good physical condition, by means of exercises ranging from "dead lifts" using up to three hundred pounds to "flys" using ten pounds. Other popular exercises are "curls", "bench press", and a "military press".

The club was successfully directed by Jim Young president; Roger Lawson, secretary-treasurer; and staff adviser, Mr. Robson.

#### **BOOSTER CLUB:**

When you attended basketball games this year, you When you attended basketball games this year, you saw the colorful posters which were part of the work of the of the Booster Club. With Wally Shwydky as president; and his executive of Curtis Olson, Grade XI president; Kay Dick, Grade X president; Barb Williamson, treasurer; Ellen Mae Dyer, Secretary; Lee Jones, Grade X rep.; Jackie Armitage, Grade XI rep.; Lucy Lohin, Cheerleaders rep.; the club did a wonderful job of leading us in cheers at our othletic events. Mr. Kemp, staff advisor, did a lot of work. athletic events. Mr. Kemp, staff adviser, did a lot of work in keeping the club active.

GIRLS' BOWLING CLUB:

Many girls from V.C.H.S. interested in bowling, were able to develop this interest on Wednesdays and Thursdays after school at the Avenue Bowling Alley. Miss Matthews was staff adviser, with Margaret Hislop, president; and Helen Chyz, vice-president. In all, there were twelve teams competing for championship. At the beginning of each year, a fee of forty-five cents is collected to pay for the alley and shoes, as well as pins for the winning team.

#### MIXED BOWLING CLUB:

The Mixed Bowling Club, under the advisorship of Mr. Hunt, had nearly one hundred members. From the members, we found sixteen teams with five players on each. Substitutes accounted for ten or more of the bowlers. Bowling took place every Monday night at the Scona Bowling Alleys. A mixed team and a boys' team were chosen to represent Vic at the City High School Bowling Roll-off held in the spring.

President and scorekeeper for the Bowling Club was Marjorie McGregor.

#### CLICK CLUB:

The dark room was the scene of activity during noonhours for members interested in learning the fundamentals

of photography: developing, printing and enlarging.

A successful innovation this year the taking of portraits

of students to raise funds for the club.

The Click Club held monthly meetings under the supervision of Mr. Ross, and the executive consisted of Terry Morelond, president; Michael Booth, vice-president; Gary Croft, treasurer; and Hazel Niedzwiecki, secretary.

#### CURLING CLUB:

Our curlers spent a very successful year with games at the Alberta Avenue Curling Club every Tuesday from four to six. The executive consisted of president, Bob Elliott; secretary-treasurer, Joan Carr; draw-master, Blake Mc-Murray. The club had a membership of forty-eight, plus five rovers. Social development, entertainment and development of skill were the purposes of the club. Mr. J. Badner was the staff adviser.

#### **GLEE CLUB:**

If you were in the hall near the Music Room at noon on Tuesdays or Thursdays, the strange noises you may have heard were simply sixty-five V.C.H.S. students singing their hearts out, practising for the spring musical, which is the clubs biggest project. The adviser was Mr. R. Lopatka, who worked in co-operation with president, Ned Rystephanuk; vice-president, Glenn Cruikshank; and secretary-treasurer, Bonnie Glauser.

#### I.S.C.F. AND PIONEER CLUB:

With a membership of sixty, this club had for its objective "to know Christ and to make Him known." The executive chosen for the past year was president, Pat Opheim; vice-president, David Tonn; secretary-treasurer, Rebecca Martz; publicity managers, Janet Woodside, Jerry Kwan, and Ed Thiesson; social conveners, Evangeline Tsang and Marjorie Nesler. The club met every Thursday at Noon. The staff adviser was Mrs. A. R. Kops.

#### MODELLING CLUB:

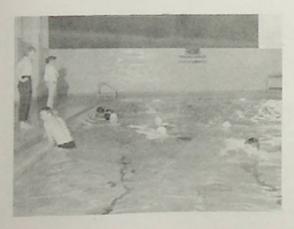

The executive of the Modelling Club consisted of president, Pat Sawchuk; secretary-treasurer, Joan Carr; adviser, Miss K. Johnson.

The club taught members to improve their posture and appearance. Guest speakers were introduced throughout the year, and special improvement courses were taken, in walking, modelling techniques, clothing selection, figure and facial problems, and hair styling. The club boasted a membership of forty-five girls.

#### **ORCHESTRA:**

Attention everybody! Something new has been added to Vic this year. An orchestra! With instruction and initiative from Mr. Lopatka, fifteen members were formed into an orchestra which was to perform at concerts and support the musical. The success of the orchestra has been proved by the Christmas concert and later by the musical. With this beginning, it is hoped that the orchestra will expand further. We look forward to presentations of whole concerts of instrumental music provided by the school orchestra.

#### PUBLIC SPEAKING AND DEBATING:

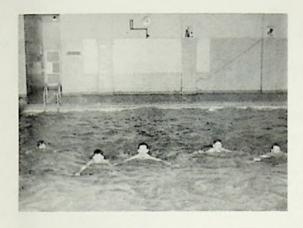

The Public Speaking and Debating Club, under the advisorship of Mr. A. R. Brown, met in Room 107 every Friday at noon. There were twenty-five members, with Bill Neville, president; Pat Baxter, vice-president; Jane Dzivinski, secretary-treasurer; Joe Stern, programme chairman; and Dan Thachuk, publicity chairman. The purpose of the club was to help the students develop ability as public speakers.

#### **RADIO CLUB:**

No casualties to date! Thus goes the record of this club, which swims a river-flow of electrons up to a height of 2,000 volts. The main interest of the twenty-six members fluctuates between finding the missing link in a radio, and the root mean square of a sine wave. With the help of Mr. Lust and Mr. Thompson, the members indulge in the use of this mysterious power. Its purpose? Just to allow pupils with wide interests to toy with fascinating instruments, and to sense the sting of high amperages.

#### **BEGINNERS' SWIM CLUB:**

Every Friday noon, about forty Vic swimmers cooled off in the Vic pool. Under the instruction of Turid Minsos, these beginners and non-swimmers strove to improve their crawl, breast stroke and elementary back stroke, and gain their beginners, junior, intermediate or senior Red Cross badge. Turid also acted as president and Mr. T. Atkinson was staff adviser.

#### INTERMEDIATE SWIM CLUB:

The purpose of the Intermediate Swim Club was to train boys and girls for their Intermediate or Senior Swimmer crests. The staff adviser for the group was Mr. W. Waddell, who worked in co-operation with the persident, Tom Besse; and the secretary-treasurer, Margaret Roth. The club met every Wednesday at noon.

#### SENIOR SWIM CLUB:

This year the Senior Swim Club was under the supervision of Mr. R. P. Bishop, who also acted as coach.

The purpose of the club, which held meetings on Monday and Thursday at noon, Tuesday and Wednesday at three-thirty, was to train a swim team for an Inter-high-school swim meet. Also, in connection with the club, a diving team was coached by Mr. Tom Chong.

#### **SCIENCE CLUB:**

Functioning primarily as a guide to students interested in the sciences, the Science Club formed an integral part of V.C.H.S. Under the capable guidance of Mr. Glen and Mr. Hunt, the members have felt the benefits of group participation and central organization, stimuli to scientific research and study. The program has been expanded to include atomic energy and astrophysics. Executive members include Edward Haasdyk, president; Richard Bowen, vice-president; Peter Arabchuk, treasurer; Joe Stern, secretary and librarian.

#### RECREATIONAL SWIM CLUB:

Do you enjoy swimming, without swimming instruction? We had 92 such Vic students this year, and these formed the Recreational Swim Club, under the advisorship of Mr. N. Stratichuk. President was Terry Olthuis. The club met every Friday noon in the Vic pool. The only prizes given were crests for best attendance, and crests given to the lifeguards, Diane Niewchas, Joan Harphem, and Bob Holzer.

#### TUMBLING CLUB:

This year's Tumbling Club under the direction of Mr. Olsonburg was very progressive. Training consisted of work on mats, parallel bars, box horses and spring boards. The club met every Tuesday and Thursday noon in the Corrective Gym. Various demonstrations were put on during the term. President Pat Hawkeye, secretary Bonnie Derome, and treasurer Fred Padavell instructed the classes.

#### **TABLE TENNIS CLUB:**

The Table Tennis Club, formed with the purpose of increasing the skills of those interested in the game, met daily at noon in the hall of the boys' shop wing. The executive members were president, Chris Bosch; secretary-treasurer, Marlene Friedrich; equipment, Fred Sturm; ass't. equipment, Chris Chattam; and club adviser, Mr. Carran.

This year, the club had a record membership of fifty-

one.

A record figure for attendance was established and ticket sales records were shattered on March 13, 14, and 15, when eager teen-agers and interested parents thronged into the spacious auditorium at V.C.H.S. for an annual highlight—the yearplay. "Bernardine" alternately puzzled, delighted, shocked, and enthralled its audience. The play was about teen-agers—very ordinary teen-agers in realistic but sometimes painful situations.

Beau (Dave Simmonds) was the leader of a group of teen-age boys who made their headquarters in the "Shamrock" where they discussed music, school, girls, cars, and God. Wormy Weldy (Brian Heibert) seems to be troubled by girls and his very strict mother (Kathy Galus).

"Bernardine" is an imaginary woman who lives in a dream town where everything is just as the boys desire it. She has been elevated to the position of a goddess who can make all their dreams come true.

Wormy decides to "pick-up" a woman when the boys' struggles to get him a date for Saturday night are to no avail. He meets Enid Lacey (Lilian Ransom) who personifies "Bernardine". The lady turns out to be not only charming and lovely but very kind. She is a good friend of Wormy's mother and gives him a few lessons about life that his mother has neglected to teach him.

Wormy finally realizes that he is not a "wolf" and returns to his friends at the "Shamrock". His real dream comes true when Jean Cantrick (Bonnie Glauser), whom he has always liked, phones him to come to her rescue because she has been left stranded by her date.

The production of the play was one of the most unusual in Vic's history of yearly presentations. Impressionist design was employed in the sets and lighting techniques. Set changes were made in full view of the audience in order to provide for continuity between the numerous scenes. Unrehearsed comedy high spots were provided by the stage crew under Stage Manager, Oscar Reeves, as they dashed to and fro stripping and assembling scenery.

Mr. Peacocke is to be thanked for his untiring work with the drama students, and congratulated on the complete success of the performance.

Chorus of Waiters, Crocker Girls, bathers, Heidelberg students, French maids, gendarmes and hotel guests made up of the eighty members of the Glee Club.

Dancers: Tasma Lee Butler, Pat Hawkeye, Tom Besse, Marlene Hewitt, Karen Britton, Lilian Ransom, Connie Ross, Lynne Gregory, Barbara Kelly, Betty Hughes, Grace Rubin.

Timed to be presented with Vic's annual Open House was the first performance of the third annual musical production. "The Prince of Pilsen", which ran for three days.

The Fête aux Parfums brings a strange assortment of guests to a Riviera hotel during the summer of 1910. Among the guests are a Miss Crocker; an English photographer, Artie Winterset who, it is revealed, was once engaged to Miss Crocker; the Prince of Pilsen, travelling incognito with a group of Heidelberg students; and Jake and Jean Boomer, a Texas oil man and his pretty sister, who are mistaken for the Prince and Princess of Pilsen by the maître d'hôtel.

Two American confidence men, down on their luck, decide to sell Jake the title of the "Prince of Pilsen." The real prince is angry when he learns of the masquerade, but realizes, when he meets the lovely Jean, the Boomers are the victims of a ludicrous error in identity.

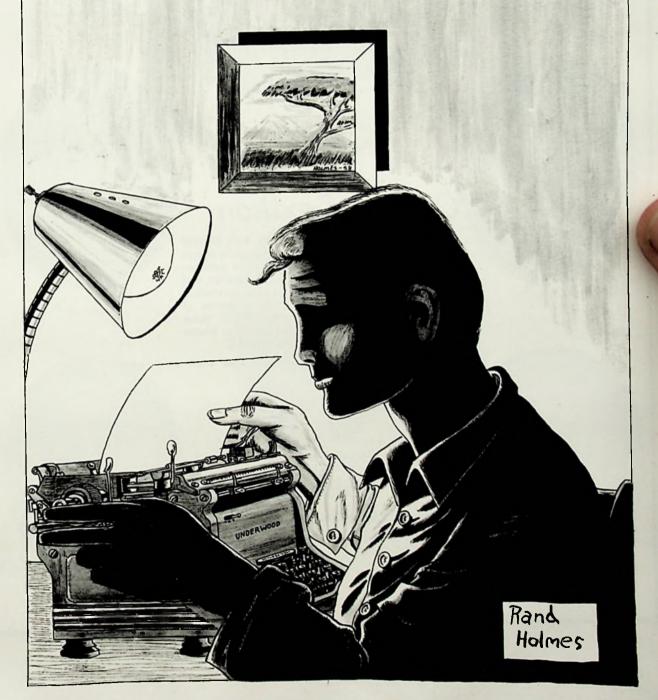

Romance blossoms between Jake and one of the college girls, whom he had met in Paris; between Jean and the Prince; and flames anew when Miss Crocker meets Artie again for the first time in twenty years.

A capricious love interest develops between the maître d'hôtel and Miss Crocker's French maid, Sidone. Francois tries to steal a secret perfume formula in order to raise the money to take Sidone to Paris.

The Prince is suddenly forced to return home but decides to have his own way for once and take Jean home as his bride, and as Dilbert wisely conjectures, "All's well, that ends well."

The production was highlighted by a number of dance routines and solo numbers, as well as the vocal solos. Congratulations go out to Mr. Lopatka who so ably directed the chorus and orchestra, and to Mr. Peacocke for an excellent job of staging and producing the big show.

### V.C.H.S. Publications

The publications staff of Victoria Composite is responsible for informing the students on all school matters through three different media. The high degree of co-operation achieved among the large staff, plus the time and effort they put in, has provided the student body with high school publications that are of the highest quality.

The Argosy staff has been highly organized, making it possible to publish six editions of the school newspaper. The students holding executive positions were afforded the chance to do administrative work. Many had a staff of their own which they directed as they saw to the best advantage. This division of labor helped sustain the quality that once won the Argosy the Quill and Scroll award. This year, more than ever, the various writers and reporters aimed for current, correct, and interesting copy. The material would pass through the typing, copy, and makeup people who prepared it for checking by the editors and advisers, and then for the printers.

In these respects, publications not only provided knowledge and enjoyment for the present, but experience that may be of benefit in future life.

Everyone on the publications staff assists with compiling material for the yearbook. Its success is possible because of the effort that is put in by each and every person who tries to maintain and also improve on the high standard of past years.

The handbook, which is distributed in September, contains information that is mainly for the benefit of new students to help them become oriented.

The students of V.C.H.S. have viewed and judged the results of the work of the publications staff, but have not seen the co-operation and good will among them, the growth in responsibility, and the ambition to do a good job. These results are valuable and will remain and grow long after these publications are placed in the storage room with forgotten issues of yester years.

Awards

### Awards System

The awards system of Victoria Composite recognizes students who have achieved outstanding leadership in academic, athletic and extracurricular activities. The highest awards in the school are the Citizenship Awards. These are the C.O. Hicks award for boys and the J.P. Page award for girls, presented to two Grade XII students on the basis of their services to the school during their high school years.

Academic awards are given for outstanding achievement in curricular work. An Academic Award is presented to students having obtained an average of eighty per cent or more. The Special Abilities Award recognizes superior ability in the shop, business education, and fine arts fields. The Special Award is a service award. The academic, special abilities and special awards consist of pins suitably engraved.

The Tom Davies Memorial Trophy is awarded to the boys of the intra-mural sports group obtaining the highest numbers of "trophy points", as allocated in the awards system. The trophy includes all organized houseleague competitions.

The Athletic Major Award recognizes those players of outstanding ability who have played on teams interscholastic competition. It is a white chenille "V", eight inches high, worn on the awards sweater. The Athletic Minor, a four inch white chenille "V", is for those players on an interscholastic team who have been excellent players but who have not qualified for the Ath-

letic Major Award.

The activities awards, major and minor, are considered as special awards for exceptional achievement in extra-curricular activities, including both cultural and athletic administration.

The major award includes activities such as lead parts in high-calibre plays and musicals, and other comparable activities. Outstanding work on any publication, administrative and executive efforts connected with the Students' Council, houseleague, and club activities involving interscholastic participation are also included.

The Activities Minor Award is intended to give recognition to students of noticeable merit in the above field. The Major and Minor Activities Award are red Old English "V's", eight inches and four inches in height respectively.

Winners of academic or special pins, and activity or athletic crests are qualified to buy sweaters. The pins, and chenilles must be worn on award sweaters only. All club crests and insignia must be worn on school sweaters. Boys who have participated on championship school teams, either city or provincial, may purchase jackets.

Award winners receive recognition of demonstrated capacity for all phases of leadership, academic, and citizenship skills. These young people, the school believes, are the adult leaders of tomorrow.

HEATHER LEMAY

PAT McLENNAN

Heather LeMay and Pat McLennan received the Quill and Scroll, the highest award given in publications to the students who have contributed the most in time and effort to the publishing of the Argosy and Yearbook during their high school years.

Heather was a writer for the Argosy in Grade X. She was also an Argosy representative. During her next year, she held the position of Features Editor. As Editor-in-Chief in Grade XII, she has continued her excellent work for the Argosy, in six fine issues.

Pat served on the Yearbook staff in Grade X as an advertising solicitor. In Grade XI, she became Assistant Yearbook editor. Pat has worked very hard in this last year as Yearbook editor, directing a big staff and striving for graphic, artistic originality.

Both Heather and Pat are completing their matriculation course this year. Their fine work will have to be continued by others. Everyone on the publications staff believes that these two people deserve and are worthy of the award.

# SPORTS

### Boys' Sports

The Victoria Composite High School sports scene for 1957-58 has proven to be one of the most successful ever witnessed. The senior basketball team, after a slow start came on in brilliant fashion to cop the city title from Scona Comp. in the third game of a best of three series. The Redmen, as all loyal Vic supporters now call their teams, showed what heart can do as they outbattled the Lords from the new Strathcona. Although the Lords had the larger club, Vic outjumped and outrebounded the taller southside foes, to win the city crown. Then the Vicites headed down the warpath to Lethbridge to compete in the provincial finals against the top three teams in Alberta: Calgary Western Redmen, Magrath Zeniths and the Lethbridge Collegiate Rams. The Rams went on to win the Alberta laurels after Vic was defeated in the first game by the Zeniths. Vic also lost in the consolations to the Calgarians 57-40 in a real heartbreaker. The main reason once again was Vic's lack of tall players. In the provincial finals, Vic's tallest man, George Shenkariuk, standing 6'2" from heel bone to hairline was dwarfed by Bob Inglis of the Cowtown who stretches the yardstick to 6'10"

The junior version of the Redmen proved to be just as accurate in hitting the round hoop as

they picked up the city junior silverware after defeating the Scona Lords in the last game in the best of three.

In Vic's other major sport, football, Vic latched on to the junior city mug after the juniors met our arch rivals Scona Comp. on the gridiron and showed everybody who's boss. Vic covered the green and gold uniforms of Scona with the blood red jerseys of Vic as the Vicites pasted the gridders from Scona 13-6.

The senior footballers, however, found it a bit rougher than usual. After losing their opening game, the Redmen failed to lose a battle, in one case the opposition failed to cross the Vic goalline in four consecutive games. The only reason that the Vic seniors didn't end up in the provincial finals is that there was no playoff for the city championship. If the Vic squad came to do battle with St. Joseph's Saints, the only team to beat them during the schedule, and that was the first game, to the tune of 20-7, the red and white machine would have most likely given the Saints a run for the city cup.

Since the juniors garnered every conceivable championship in the city, one can expect to see Vic as the powerhouse in the 1958-59 season in both football and basketball.

House Two has captured the Tom Davies Memorial Trophy. Led by Bob Holzer and John Holowaychuk, the grade eleven representative, house two members piled up convincing wins in basketball and volleyball while placing third in flag football.

In the eight years that the trophy has been awarded, each of the houses has now won it twice.

Tom Davies was one of Vic's best athletes and was continually helping boys who were not able to make the teams. It was a sad day when Tom and a friend went to the lake. His friend returned, but Tom although he was a good swimmer, drowned when their boat capsized. In honour of Tom Davies, a trophy was donated

for the best athlete. After a year of honouring the best athlete in the school, it was felt that the trophy should go to a group of boys who had tried to help each other and who had shown good sportsmanship throughout the year. Mr. Bob Routledge, a former teacher in Vic, now assistant director of athletics for the school board, devised a system of dividing the boys into four groups according to the letter with which their last name begins. It is these groups or "houses" which compete for the Tom Davies Memorial Trophy.

For the first time in four years fastball was not included in the houseleague activities as there was a lack of interest and insufficient attendance.

Final results: House	1	II	111	IV
Flag Football	270	158	127	199
Volleyball	200	348	168	192
Basketball	130	238	78	172

## Girls' Interscholastic Sports, 1957-58

School was open only a month when girls' interscholastic sports were underway. Tryouts were held for the junior and senior basketball teams early in October with the league play beginning November 12. Only five girls from last year's Senior squad remained and just two juniors remained on the junior team. After the completion of regular play, Vic's Senior Reds were in third place with St. Joseph's second and Ross Sheppard first. Vic's squad defeated St. Joseph's in the semi-finals only to lose by one point to Ross Sheppard in the finals. The junior team played well during the season, ending in third place.

The next interscholastic sport on schedule for the girls was volleyball. In this field, Vic's teams shone, winning ten of their twelve games; Vic's Senior A's won the seven team round robin series very easily. The two games the City Champs lost, were lost by only a single point. Congratulations girls on the first Vic volleyball championship in quite a few years. The junior team placed second, with just a single point between them and the championship. A second team was entered in the Senior league from Vic. This team, the Senior B's, was allowed to enter because of St. Mary's lack of a senior squad. The senior B team ended in a tie for fourth place.

Miss Irwin did a wonderful job of coaching both the senior basketball and senior volleyball teams. Miss Fisher worked hard and successfully coaching the two junior teams, while Miss Stelck coached the Senior B volleyball squad. Many thanks are given to the coaches for their untiring work.

Vic's well organized houseleague, which offers every girl in the school a chance to compete in some sport, ran through an excellent season during the 1957-1958 term.

The league, which is one of the best organized and strongest in the city, includes participation in sports such as volleyball, basketball and softball. It is divided into four houses complete with junior and senior sections, with all the grade tens on junior teams and grade elevens and twelves playing as seniors. The houseleague system gives all girls an opportunity to keep up their athletic activities should they not make the school team.

Within each of the four houses a president, vice-president, and grade ten, eleven, and twelve representatives are elected. From these girls, a

further executive is chosen which runs the entire houseleague system. Members of this executive include President Barbara Williamson, Basketball Convener, Ellen Jamieson; Volleyball Convener, Marjorie McGregor; Softball Convener, Joyce Sehanchuk.

A great deal of credit should be given to Ellen Jamieson, Marjorie McGregor and Joyce Sehanchuk who so capably organized basketball, volleyball, and softball leagues. These girls were responsible for making schedules for all house-league games and for providing referees.

We must not forget our physical education directors, Miss Irwin and Miss Fisher, who gave their time so willingly to make Vic's intramural activities a full-scale success.

Stiff bones and hoarse throats are all part of being a cheerleader, especially if you are cheering for Vic. This statement can be varified by asking any one of our cheerleaders, pictured above, who cheer the senior and junior basketball and football teams to victory.

The main function of the cheerleaders is to lead the spectators in cheers. This the girls do, but they are always looking for more participation from the fans.

Dressed in the traditional red and white, the

junior cheerleaders are led by Kay Dick and the senior squad by Lucille Lohin. The highlight of the seniors' performance is the acrobatic display they put on during the half-time intermission and during the games.

This term, two of the city high schools have eliminated cheerleaders from their activity list. The Vic squads do such a wonderful job of cheering that we hope they will be allowed to continue. Keep up the good work girls!
